

FAIRBANKS LUMBER

Southern Yellow Pine • Sizes Shown Are In Stock

Osmo[®] MicroPro[™]

MicroPro[™] technology is a revolutionary way to pressure treat wood for decks, fences, landscaping, and general construction uses. MicroPro technology offers many benefits, including significantly improved corrosion performance. MicroPro/Smart-Sense[®] pressure treated wood with MicroPro technology exhibits corrosion rates on metal products similar to CCA pressure treated wood and untreated wood.

Revolutionary New Technology

MicroPro/Smart-Sense products, as described in the ICC Evaluation Services, Inc. ESR - 1980, meet all major model building code requirements.

Use hot-dip galvanized or stainless steel fasteners with treated lumber
